

Year 11 Curriculum:

Our current year 11 curriculum provides students with 2 routes over a 25 period week.

Route 1 (English Baccalaureate) - This is for those students considered at the end of Year 9 to be likely to achieve a C grade or above in a MFL at GCSE. Their programme is structured as follows:

- English – 5 periods per week
- Mathematics – 4 periods per week.
- Science – 4 periods per week
- Physical Education – 1 period per week.
- Religious Education – 1 period per week
- Option choices – students on Route 1 have four option choices but 1 choice has to be French or German. Their second choice has to be either Geography or History. Students on this route have 2 other free option choices. Each subject has 2 or 3 hours per week (alternating Y10 and Y11). For further details see below the Year 11 Option blocks.

Route 2 (Optional English Baccalaureate) - This is for those students who at the end of Year 9 are considered to be unlikely to achieve a C grade or above in a MFL at GCSE. Their programme is structured as follows:

- English – 5 periods per week
- Mathematics – 4 periods per week.
- Science – 4 periods per week
- Physical Education – 1 period per week.
- Religious Education – 1 period per week
- Option choices – students on Route 2 have four option choices. At least 1 of their choices must be: Computer Science, French, German, Geography, or History. Each subject has 2 or 3 hours per week (alternating Y10 and Y11). For further details see below the Year 11 Option blocks.
- Vocational experience – A very small number of foundation learners attend college or another appropriate provider for a full a day per week to follow a level 1 or entry level practical learning programme in areas such as animal care, salon services, construction, motor vehicle, welding and fabrication or catering.

- **Option blocks Y11**
